

ANABEL CHUINARD

PHD IN PHYSICS AND GRAPHIC DESIGNER

(+1) 514 803 0516 • [achuinar.github.io](https://github.com/achuinar) • Montréal, Quebec, CANADA

GET TO KNOW ME A LITTLE MORE...

As a physicist, I have experience in data analysis, science communication and teaching.
I am also passionate about art and graphic design.
I have an analytical brain, an impetuous heart and I do my best to keep both of them happy!
Long story short, I want to make good use of my experience to serve the causes I care about.

WHAT I LOVE TO DO...

ANALYSE
DATA

OPTIMIZE
EVERYTHING

GETTING
CREATIVE

LEARNING
NEW THINGS

BEING
OUTDOOR

GROWING
PLANTS

ADOBE SUITE

EXPERIENCE & EDUCATION

2011
2012

Master of Science - Physics

Ecole Polytechnique Federale de Lausanne

- analyzed data from the LHCb experiment at the Large Hadron Collider.

2012
2018

Doctor of Philosophy - Physics

McGill University

- worked in the ATLAS collaboration (3000+ members),
- developed cutting-edge strategies to select and analyze large datasets,
- shared results in various conferences, meetings and seminars to diverse audiences (>50 presentations).

2014
2015

Swiss Doc.Mobility Scholarship (18 months)

Swiss National Science Foundation

- obtained for Ph.D. project

2014
2017

Graduate Teaching and Learning Coordinator

McGill University - Physics Department

- created formation workshop for new physics teaching assistants,
- organized events about new teaching and learning practices.

2015
2017

Member of the Space Explorers Program

McGill University - Physics Outreach Group

- developed inquiry-based science activities for school teachers,
- collaborated with elementary school for activities implementation.
